DID YOU KNOW ...

...that a vision *and* hearing screening was conducted for our students in YK, kindergarten, all of the odd numbered grades, and any student in other grades for which we received a request. If there was a concern, a letter would have been sent home with your child yesterday. We are so grateful to the following moms who made it possible: Stacy Bergeron, Trisha Clements, Angelle Gros, Dana Hull, Nicole LaRose, Janet LeBlanc, Shelby Pate, Susan Schwaner, Mary Soignet, and Pam Walters.

...that the Martin Luther King, Jr. assembly was a very fitting tribute to Dr. King's life. Our middle-grade students were well prepared, particularly after having two less days of practice last week due to the weather. The essays that were read were excellent. Congratulations to all of the students who participated.

...that students did an excellent job with their Science and Social Studies Expo projects. We are very proud of them.

MAKE SPECIAL NOTE:

1. Office hours for tomorrow are from 8 AM until 3 PM.
2. About three-way conferences:
 - a. Students whose conferences have already taken place, or are not scheduled for tomorrow **do not** report to school.
 - b. Students who have conferences tomorrow report for their conferences only, and need not wear their uniforms.
 - c. The pink evaluation form rating the conference is expected from every family. We expect to hear from students as well as parents. Parents of early childhood students can write the responses for their child.
3. Regarding Early Dismissal:

- a. Because there is no After Bell, there will be more students at dismissal who are unfamiliar with our car line procedure. These students should be made aware of the kind of vehicle that they should look for.
 - b. Buses are running.
 - c. Dismissal begins at 12:45 PM.
 - d. All vehicles should have signs for their occupants, particularly for those students who are unaccustomed to car line or might be picked up by someone other than their customary ride.
